## MEMORANDUM

DATE: JUNE 19, 2009

TO: THE HONORABLE MAYOR AND MEMBERS OF CITY COUNCIL

FROM: JAMES K. HARTMANN, CITY MANAGER

SUBJECT: CONSIDERATION OF A RESOLUTION ESTABLISHING AN AD HOC FORT WARD PARK AND MUSEUM AREA STAKEHOLDER ADVISORY GROUP

**ISSUE:** Consideration of a Resolution Establishing an Ad Hoc Fort Ward Park and Museum Area Stakeholders Advisory Group.

**RECOMMENDATION:** That City Council:

- (1) Adopt a resolution (attached) to establish the Ad Hoc Fort Ward Park and Museum Area Stakeholder Advisory Group, and
- (2) Request the City Manager appoint members to this Advisory Group.

**BACKGROUND:** Since its establishment in the 1960s, the Fort Ward Park and Museum Area site has always been considered an important community and City-wide parks and historic resource. Most recently, in the Fall of 2008, significant community interest was generated in response to activities, maintenance and operations at Fort Ward Park. In particular, park users and neighbors indicated an interest in long-term, master planning of the park in order to address their interests and concerns related to the use and management of the park.

Through a series of public meetings in the winter and early spring of 2009, a matrix of community and user issues was developed that reflected a need for both an immediate and a long term plan to address Fort Ward Park issues. The Department of Recreation, Parks and Cultural Activities and the Office of Historic Alexandria worked with the City Manager's Office to address some immediate issues and to develop an interim management plan for the park in the Spring/Summer 2009 season. In order to respond to the longer term future of the park, staff recommends the establishment of an Ad Hoc Fort Ward Park and Museum Area Stakeholder Advisory Group.

This Advisory Group would advise staff with a goal of recommending an appropriate balance between the different uses of the park, including active, passive/environmental and historic/archeological interests. The Advisory Group's physical area of responsibility would include the total area of Fort Ward Park, including the area of the Fort, as well as the Parks Maintenance facilities. Excluded would be the actual Museum building itself. The Advisory Group's work would complement the work of the Fort Ward Park History Work Group which will be exploring and focusing on the historic issues such as the existence and location of potential additional graves at the Fort Ward Park site. The Advisory Group would be formed for limited duration of about a one-year period. Staff recommends that the Advisory Group stakeholders would be appointed by the City Manager, and would include the following representatives appointed by the City Manager:

- a. Three members recommended by the Park and Recreation Commission
- b. Three members recommended by the Historic Alexandria Resources Commission
- c. One member recommend by the Environmental Policy Commission
- d. Two "at large" citizens who have shown a knowledge and keen interest in Fort Ward and
- e. represent diverse geographic areas of the City
- f. One citizen living within a one-mile radius of the park

Staff would facilitate the 10-person Advisory Group, and work with the Advisory Group primarily to solicit recommendations on balancing park uses, implementing education and outreach opportunities and reviewing the success of recently implemented changes. Staff support will include staff from Recreation, Parks and Cultural Activities (RP&CA) and the Office of Historic Alexandria (OHA). When appropriate, staff from the Department General Services, Transportation and Environmental Services, the Office of Environmental Quality (OEQ), Planning and Zoning (P&Z), and the City Manager's Office (CMO) will also work with the Advisory Group. The City Manager would appoint a convening chair who would serve until the Advisory Group chooses its own chair.

The Advisory Group would advise the staff team on Fort Ward issues and opportunities related to interim park/historic area use, management of Fort Ward and long term goals to be then transmitted for consideration to a future City-wide park master planning process. Participating staff would confer with the Advisory Group on potential Fort Ward issues and opportunities, facilitate the meetings, develop education and outreach strategies, and report and make recommendations to City Manager, and then to Council which would serve a policy-setting role.

In addition to this Ad Hoc Advisory Group, the Office of Historic Alexandria has created a Fort Ward Park History Work Group. The purpose of this Work Group is to assist the Office of Historic Alexandria and Department of Recreation, Parks, and Cultural Activities with the documentation, research and interpretation of cultural and historic resources of Fort Ward Park, including its association with Native Americans, the Defenses of Washington Civil War fortifications, and the post Civil War African American community that existed on the site until it was acquired by the City of Alexandria for park and preservation purposes. Anyone with an interest in this subject has been invited to attend and can become a member of this Work Group.

This Work Group's focus is history (including researching the issue of gravesites) and is not charged with the overall Fort Ward Museum Area park usage issues that the Advisory Group would be responsible for reviewing. The Work Group's findings however will inform the Advisory Group in their work.
